

DWR Announces Public Workshops

The California Department of Water Resources (DWR) has scheduled two more public workshops to discuss emergency levee repair work on the Sacramento River Flood Control System.

Acting under an Executive Order by Governor Schwarzenegger, DWR has begun repairs on the original 29 critical erosion levee sites. Four more sites have been identified along the Sacramento River and Butte Creek. Repairs are scheduled to begin in mid-October.

DWR will offer brief presentations at the public meetings outlining the erosion problems at the newly identified sites, construction activities, and repair schedules.

Officials will answer questions, respond to public comments and provide education materials on the emergency repair process.

The meetings will be held as follows:

October 3, 6 p.m.

City of West Sacramento, City Council Chambers
1110 West Capitol Avenue
West Sacramento, CA 95691
Sacramento River Mile 56.1, 53.1, 43.3

October 4, 6 p.m.

City of Chico, City Council Chambers
421 Main Street
Chico, CA 95928
Butte Creek Mile 14.0
